# SEATY

## LOCAL MARINE EDUCATION AREA

### Have you already visited the "marine city" of Capo Milazzo?

Within the **Marine Protected Area (MPA)** of **Capo Milazzo**, in an iconic and paradisiacal place such as the Portella or Venus swimming pool, a SEATY Local Marine Education Area was created: a natural habitat rich in biodiversity, where you can learn more about our sea and how to protect it.

**Inside and outside the water, a sea of free activities awaits everyone to discover the Blue Planet!**

### PARTICIPATE **FREELY** IN:

**SNORKELING TOURS WITH A MARINE BIOLOGIST**

**YOGA SESSIONS ON THE BEACH AT SUNSET**

**BIO-WALKS ALONG THE COAST IN SEARCH OF MARINE TREASURES**

**INSIGHTFUL TALKS ABOUT THE OCEAN'S WONDERS**

**You can also have fun finding all the informative signs within the SEATY: both on land and among the waves!**

Scan the QR code to discover  
the complete calendar of activities:
